A Word to Republicans.

The hope of the party lies in the re-election of a stalwart Republican President. The Republican who reads or otherwise helps to re-elect a Democratic President is the enemy of his own party and the enemy of the Republic.

Unanimously subscribed to by the National Republican League.

J. A. CLARKSON, President.
A. B. MURPHY, Secretary.

BEHINDS the bill to reimpose the Tariff on sugar, Congressman HARTER has introduced a bill providing for the revival of state banks of issue.

Wildcat Currency. This ought to do away with the delusion of those Democrats who voted the party ticket only because they did not believe that the return of wildcat currency was possible.

possibility. These men have been so accustomed to good Republican money during the past thirty years that they were quite confident that wildcat currency was now an impossibility. But the men who had inserted in the Democratic platform the recommendation that the tax of 10 per cent on state bank currency be repealed knew what they wanted, and they propose to get it. Southern Democrats regard that tax as a grievous infringement of their sacred principle of state sovereignty, and when they see in control the men who are almost to bring about its prompt removal. The taxed banknotes are the bank bill detector and among the blessings to be looked for from Democratic rule.

MULHALL, the English statistician, who is recognized as the highest authority in his specialty, gives the total production of the world in 1899 at \$22,370,000,000. Leading Nations are credited with the following figures: United States, \$7,215,000,000; Great Britain, \$4,100,000,000; Germany, \$2,915,000,000; France, \$2,450,000,000; Russia, \$1,645,000,000. America's share of this industrial supremacy of the United States has been established under Protection since 1860, our wage earners meanwhile paid higher prices than ever before, and the highest in the world.

That irrefragable Free-trader, Congressman HARTER, has introduced a bill providing for the re-imposition of a Tariff on sugar. Of course it cannot become law while a Republican President stands in the way. But it furnishes an indication of what the nationalists will do when they come into power. They know better than we do that a vote for CLAYTON was a vote for a tax on their own breadbasket. Those of them who voted for CLAYTON perhaps thought that their savings were intended for campaign purposes. They know better than we do that a vote for CLAYTON was a vote for a tax on their own breadbasket. Those of them who voted for CLAYTON perhaps thought that their savings were intended for campaign purposes.

OUR HEARTS!

Is the Democratic crank reformers had their way they would settle the whole pension business by simply inflicting every pensioner on the rolls for obtaining money under false pretenses.

as in other walks of life. The opportunity is here, and all you have to do is to grasp it and it is yours. No doubt you have learned that the Old Reliable Red Corner Building is to be remodeled after the holidays, and there is but one thing to do, and that is to get the large stock of CLOTHING, &c., out of the building before the workmen commence. This is no scheme to gull the consumer, but an actual fact which has been put off as long as possible, and now they must go at your price, not ours. Our immense stock will be thrown on the market SATURDAY MORNING, and will continue the cut prices until everything is closed out, from a Collar Button to the Finest Suit and Overcoat sold in the city. Respectfully,
